### And What Have You

By BOB CRAIG

We wish to join all of the people of Hamlin in welcoming back the Exes. We hope you have a pleasant visit.

Sometimes it seems rather odd, how things can happen in education. By some strange set of circumstances our youngest son who is in the third grade is studying the same thing that our daughter is studying in homemaking II.

Both of them were busy this past weekend keeping up with what type of foods they were having at each meal over a several day period.

Of course the two were studying different things when they were keeping the records but it did seem unusual that with a seven grade difference they would both be doing the same thing.

Those of you who missed the Post game Friday, and from the looks of the Hamlin stands there were quite a few of you that did miss, missed a real fine ballgame in spite of it being a loss for the Pipers.

The boys showed that spark of desire that it takes to become a winner when they came from behind to out play the Antelopes. It was a hard one to lose when the boys played so well.

Some weeks it is real hard to come up with material for this column and this week we were real glad to see a copy of The Herald from Truth or Consequences, N. Mex., that Floyd Clifton left with us. The following 13 ways to kill a town is taken from the front page column called the "Party Line."

1. Don't pay taxes. Let the other fellow pay his. Vote against taxes, then fuss because the streets are not kept up.

2. Never attend any of the meetings called for the good of the town. If you do, don't have anything to say. Wait until you get outside then cuss those who made the suggestions. Find fault with everything that was done.

3. Get all the city will give you, and don't give anything in return. Write unsigned letters to the editor demanding more for your tax dollar.

4. Talk cooperation, but don't do any work for your city unless you get paid for it. And by all means refuse to serve unless they make you chairman.

5. Never accept an office. It's easier to criticize than to do things. Accuse anybody who serves in an elected office of being a publicity seeker.

6. Don't do any more than you have to. When others willingly and unselfishly give their time, howl because that town is run by a clique.

7. Don't back your fire department or your police department. Don't thank them for endangering their lives that you might have a safer town in which to live. Demand special treatment, raise Cain if anybody expects you to obey traffic and parking laws.

8. Look at every proposition in a selfish way. If you are not the one who gets the most out of it, vote against it. Never consider that it will do for the town as a whole.

9. Don't do anything for the youth of the town. Criticize them as potential delinquents. Keep your feet on them. Encourage them to move away when they grow up.

10. If you have good town leaders, don't follow them. Take a jealous attitude, and talk down anything they say.

11. Don't work on any committees. Tell them "I'm too busy."

12. Don't say anything good about your town. Be the first to point up its shortcomings, pretend that if trouble comes your way, it will be residents of some other town who will visit you while you are ill; bring in the fire department if your house is burning; comfort you if you lose a dear one; stand back of you in disaster.

13. And don't support your local retail stores and industries. Claim the prices and service in stores in other towns are better. Claim industry and its payroll hurts the town. But if you need a donation, ask your local stores. Expect them to back you, but don't back them.

A NEW BIBLE...

for  
ME!

She really is delighted because her church is presenting her with a new Bible. She understands and appreciates this gift, because in earning it she has committed many verses to memory, and thus learned to value God's word. The churches desire that all would study and learn to love God. Plan to attend church this Sunday and share in this knowledge and joy.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

MAY THIS MESSAGE BE AN INSPIRATION TO MANY IS THE SINCERE DESIRE OF THE FOLLOWING INDIVIDUALS AND BUSINESSES OF HAMLIN.

## FAIRVIEW NEWS...

By Mrs. Elmer Joiner  
Fall with all of its beauty and pleasant weather has arrived, soon the leaves will be turning brown and other signs of the coming winter will be with us. We understand that some of the farmers are preparing to kill the foliage on their cotton, getting it ready to gather. Especially in the places where there is a lot of dead cotton, it is ready to defoliate, for everything is open and a driving rain would be very harmful, besides they tell me that those dead stalks will pull up if they wait too long. Combines finally got started again, there is really some good maize to be harvested yet, the dry weather came in time to keep it from ruining.

Mr. and Mrs. Fred Rosenbaum attended funeral services in Sweetwater, last Wednesday afternoon, for Mrs. Hugh Clift, an old time friend of the Rosenbaums. Back in the early thirties, Mr. and Mrs. Clift taught school at McCaulley and lived in the house with them, where they began a friendship that has lasted through the years.

We are sorry to report that Mrs. Raleigh Bond entered the hospital last Friday, suffering with a bronchial infection. At last report Mel Jones was still doing well. We know that it is hard for him to believe, since this was his first time in a hospital, and to have such painful surgery, but after all it hasn't been long. Woodrow Goodwin has been nursing a very badly mashed

big toe, since last Thursday, when he accidentally dropped a trailer tongue on it.

Mrs. Woodrow Goodwin and Mrs. Winslow Gray visited last Thursday afternoon with the Babbs at Sylvester.

Thursday night the Babbs and the Goodwins were visitors of the Elmer Joiners. We won't tell what it was all about, but it seems that I, as church treasurer, and Rev. Babb, a Baptist minister had worked one of the slickest swindles, and so far we hadn't been caught, but it was all straightened up and it seems that nobody was hurt, but did we have some red faces? Our sincere apologies to the would be victim, thanks for understanding.

We have forgotten to mention that our community is taking on a new look since several pastures have been cleared out. The mesquite bushes have taken all of the pastures, so about all they are good for any more is to break the sand storms, cattle can hardly get through them if there was any grass. Grass is all man made in this modern age, some farmers having such fine grazing patches.

Mr. and Mrs. Harry Dillard were Tuesday afternoon visitors of the Elmer Joiners. Mr. and Mrs. H. L. Ford, Spencer and Diane, went to Denton, last Friday where they attended the wedding of their daughter, Nancy, Friday, night. Nancy was married to Reed Lockhoof, a native of Childress, Friday evening, Sept. 30, at 6:30 o'clock, in the chapel of the First Methodist Church of Denton, where they are both students in the college there.

Last week Mr. and Mrs. Henry were missing, we found they had been having company. Saturday and Sunday night Mr. Henry's sister, Mrs. Ethel Bullock, Petersburg, was a guest. Other Sunday visitors were Mr. and Mrs. Clois Henry and children, San Angelo.

Since Mr. Henry got up Monday morning and made a little trip down Eastland way

with a friend Mrs. Henry went to her sisters, Mrs. Obie Wright, over Rotan way, to spend the day. We learned that she got home early but the men were late coming in, so Friday afternoon, Mrs. Woodrow Goodwin and I were in her home and she showed us where she had put her gun, with the shells close by. The Henry's do live in a very isolated place, we don't blame her for being a little scared, but the joke of it was that she was afraid to load her gun, afraid she would shoot herself. If a booger had come after her we wonder if he would have waited for her to load her gun. As we have repeated several times, the Henry's are a great older "young" couple.

Let's not forget that this weekend is the time for the Hamlin High Homecoming. Here is hoping that the weather man will be good to us and favor us with beautiful weather for all of the festivities as well as the game.

Wednesday night, Oct. 9 the tri-church brotherhood and W. M. U. will meet with the Fairview church. Lets all make an effort to be there, especially do we invite our friends from Neinda and Hanna to come be with us.

Sunday being the last day for our pastor to be on the field, we all carried our supper with us Sunday night and had a little farewell party for the Babbs. They were presented an electric percolator from the church, as a going away love gift. Rev. Babb will go to the West Side Baptist Church at Roby.

Next Sunday the Fairview Church will have a very important business meeting, after Sunday School. If you are a member make every effort to be present, if you are interested in the future of the church. The Church, which was organized in 1888 and functioned continuously since that time, is at the most serious period of its history. We must have a pastor if we go on and where can we find one willing to take such a small congregation, so be there Sunday morning and help us find

Pipers Fail In Catch-up Effort, Lose to Post Antelopes Friday, 14-12

The Pied Pipers gave up two easy touchdowns Friday night as they were edged out by the South Plains' number one Class AA teams, 14-12. The Post Antelopes scored early in the first and second periods on Hamlin miscues and then fought off the Pipers drives in the first half.

Both the Lubbock paper and the Harris rating system puts Post first in their area with Abernathy and Denver City

second and third. The Pipers fumbled the opening kickoff with Post scoring on a fourth and seven situation from the Hamlin 19. The second Antelope score came on the first play of the second period as they stopped a Piper scoring threat by intercepting a Hamlin pass and returning it 85 yards to pay dirt.

The Antelopes failed to mount a serious scoring threat

on their own as the Piper defense kept the Post attack contained.

The Pipers moved the ball well against the Antelopes as they moved inside Post's 20 twice in the first half but failed to push on across. In the second half the game was all Hamlin's as they drove in for two scores, but failed to make the all important extra point plays.

The Pipers tried to kick the first one but it was blocked after a bad snap from center. On the second one, they took to the air but Paul Long's pass to Louis Shelton was snort.

The Pipers unleashed a pounding ground game as they rolled up 246 yards by land and added another 81 yards to this in the air. Tailback Sammy Ferguson was the game's leading ground gainer with 113 yards in 18 carries. The big one was his 54 yarder that set up the Pipers first score. Lewis Shelton was second high with 76 yards in only three plays. All three were on a reverse end around that netted 56 20 and two yards and one touchdown. Paul Walker was Post's top gainer with 94 yards in 13 carries.

It took the Antelopes only a minute and a half to get on the scoreboard as they recovered the opening kickoff on the Hamlin 22 yard line. The Pipers held them to three yards in three plays before Halfback Davis Heaton raced around his right end for 19 yards and the score. Walker kicked his first of two all important extra points.

Philip Simpson returned the kickoff back to the Piper 31 from where Shelton took the reverse handoff from Ferguson and raced 56 yards down to the Post 13. The Pipers failed to take advantage of their field position and gave up the ball four plays later on the 11.

Post moved out to the 40 before punting with the Pipers gaining possession on their 37 after Shelton returned the punt 12 yards Ferguson gained 18 yards in three plays to the Post 45. Long passed to Joe Adams for 7, Ferguson picked up two and Long got the first down with a five yard rollout. Ferguson and Long moved the ball down to the Post 19 before Altman intercepted Bob Clifton's pass and raced it back up the field 85 yards for Post's second score. Walker kicked the point after.

The Pipers' only punt came on the next series and then they had another pass intercepted the next time they had the ball. They drove down to the Antelope 36 just before the half ended, but had four passes go incomplete.

The Piper defense stopped the Post second half opening drive at the 35 only to have a roughing the kicker penalty give the Antelopes a first down on the 50. The Pipers were aided in the defense at this point by three Post penalties and Post punted out of bounds at the Piper 20. Operating from the 20, Long

was thrown for a five yard loss and then Ferguson gained this back and added six to the 26. Facing third and four the Pipers called on Ferguson again who broke lose for 56 yards and a first down on the Post 20.

Adams gained one and then lost three back to the 22 with the Simpson gaining back to the 20. On fourth down Long connected with Adams who made a beautiful catch and picked up the first down at the 8. Ferguson hit the line three times

before going in to score from the one. The Pipers failed to get their kick off and trailed 14-6 with a minute and a half left in the third period.

The Pipers recovered a Walker fumble on the Hamlin 26 to set up their next and final score. Hamlin was set back by a five yard penalty and then Long passed to Shelton for 35 yards and a first down on the Post 44. Ferguson picked up five in two plays and Simpson raced off 15 more to the 24. Ferguson hit for four and Simpson one before Long called on Shelton again on the end around. Shelton out raced everyone for 20 yards and the score. Long's pass to Shelton was short and the point try failed with eight minutes left in the final period.

The Pipers got the ball again on their own 10 after Post got off a 34 yard punt. Simpson, Shelton, and Long combined to gain a first down on the 24. Ferguson hit for one and Long five before Long was thrown for a eight yard loss trying to pass. This was the only time in the game that the Post defense was able to get to the Piper passer. Long passed to Shelton for no gain and the Antelopes took over on the Hamlin 27 and ran out the clock in three plays.

NOW CARS

The NOW Cars. More than just "new" cars. The NOW Cars are designed from scratch for today's driving by today's drivers. They are cars on top of today, from a company on top of today: The 1967 American Motors. 1967 is the year we've been planning for, pointing toward. The year we bring you cars full of today's spirit, bursting with today's ideas. Cars with more room, more power, more safety; cars more exciting than any we've ever built!

Engines for Now. Three sixes that go like eights—and four V-8s that weren't here a year ago. The most modern engines in the industry, from an acceleration champ Six to the 343 cu. in. 4-bbl. Typhoon V-8.

Innovations for Now. Convertibles that are true six-seaters. Wink lights visible from the side; rally lights that herald your approach.

A road-smoothing 4-link rear suspension—the first time ever with a single-unit body.

Safety for Now. Every 1967 American Motors car includes: long-awaited energy-absorbing steering column and deep-dish wheel; warning signal light to monitor both brake line systems; shoulder belt anchors; and the Double-Safety braking system we made standard five years before the rest of the industry. All built into solid, single-unit bodies.

Quality for Now. Our past is one of quality. Quality built in—like the Deep-Dip rustproofing and Ceramic-Armored exhaust systems pioneered by American Motors. And when quality is built in, the value stays in.

See your American Motors/Rambler Dealer today. He's the only Now Car dealer in town.

And now—this great new warranty.

In addition to 2-year or 50,000-mile warranty on the 24,000-mile warranty on the entire automobile, American Motors Corporation warrants the engine block, head, on the engine and drive train and internal parts, water pump, intake manifold, transmission case and internal parts (except manual clutch), torque converter, drive shaft, universal joints, rear axle, differential and rear wheel bearings of its 1967 cars to be free from defects in material or workmanship for 5 years or 50,000 miles, whichever comes first. The owner must change the engine oil and install new oil filter every six (6) months or 4,000 miles, whichever comes first, clean oil filter cap (filtered type) and carburetor air cleaner element every 4,000 miles and replace it every 24,000 miles and furnish evidence of this service to an Authorized American Motors Dealer every six (6) months and have him certify its receipt and the car's mileage. Further, American Motors Corporation so warrants the remainder of the car for 2 years or 24,000 miles, whichever comes first, except tires (warranted by tire manufacturer). Any part so defective will be repaired or replaced, in accordance with the applicable portion of the warranty, without charge at an Authorized American Motors Dealership. Owners are responsible for deterioration, misuse and normal maintenance. Quality built in—so the value stays in.

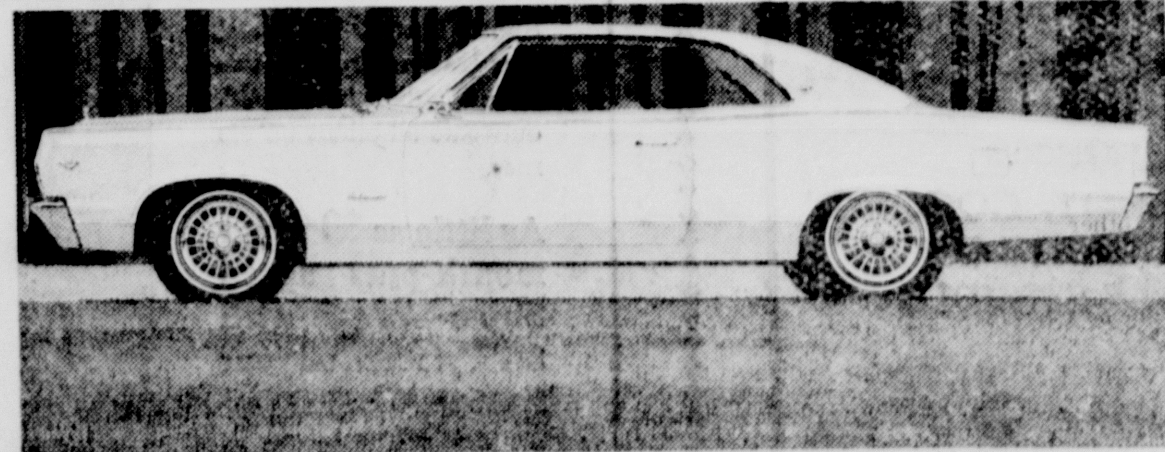

5/50,000

REBEL Now—the first Excitement Machines in the intermediate class! Cars for Now that never existed before! A 114" wheelbase. Excitement that's 197" long, 78" wide, 54"

high. More people-space inside than any other cars their size. A choice of five engines, topped by a 343 cu. in. Typhoon V-8. A wide road stance and 4-link rear suspension to glue down

corners, until twist curves. An SST convertible (above) that seats 3 in back comfortably. Rebel: SST hardtop and SST convertible; 770 hardtop, sedan, wagon; 550 sedans, wagon.

AMBASSADOR Now—full-size luxury cars created for today, priced for the young man who wants his luxury car right now. 118" wheelbase. Interiors now as spacious as the most expensive full-size cars.

A DPL convertible with room for 3 in the rear. Choice of 5 smooth, silent engines to command. Your choice of Ambassador DPL hardtop (above) and DPL convertible; 990 hardtop, sedan, wagon; 880 sedans and wagon.

RAMBLER AMERICAN Now—Typhoon V-8 thunder comes to the low-priced economy champs. Two Typhoon V-8s; three big 6's. America's only complete line of compacts. Rogue hardtop (above), convertible; 440 sedans, hardtop, wagon; 220 sedans, wagon.

# Homecoming Projects Keep H. H. S. Students Busy This Week

By Tommy Oliver  
Beth Craig  
Helen Moore

"Homecoming" has been the big word at H. H. S. this week; everyone has really been putting the work in on the bonfire. There is an air of secrecy after school as the students rush to the various garages to work on their class floats.

No one knows yet who the homecoming queen is going to be, but we are all getting ready for the crowning ceremonies Saturday night at the football game.

The annual staff has really been pushing the sale of the 1967 Piper Annual the past two weeks. So far 150 annuals have been sold.

Miss Mitchell has been rotating the electric typewriters among the first year typing students this week. All the students have itchy fingers to type on one of them.

The majority of the high school students have "cram fever" for their first six weeks tests are this week. Everyone appears to dread the coming of this Monday when the report cards will be passed out, but I am sure everyone is anxious to see how well he has done.

Agustin Barron was elected president of the Spanish Club. Other officers are vice president, Randy Morgan; secretary, Patsy Marentes; and reporter, Tommy Oliver.

The Club is planning an active year and have already ordered club pins. Work on the homecoming float has been progressing steadily.

A salad supper was held in the Homemaking department Monday night. Before Supper a meeting was held in the auditorium.

The students of H. H. S. wish to welcome Mary Barrow and Lorenzo Rodriguez.

Mary, a freshman, moved here from Fred F. Florence High School in Dallas. Her parents, Rev. and Mrs. C. G. Barrow, moved here in June. He is pastor of the Sunset Baptist Church.

Lorenzo, a junior, moved here from Kerman High school, Calif. Lorenzo had lived here several years before they moved away. His parents, Mr. and Mrs. Simon Rodriguez, moved back to Hamlin in September. He is a mechanic.

University of Texas Permanent Fund received \$28,642,528 in petroleum lease rentals, bonuses, and royalty in 1965; total since 1924, \$447,297,313.

## NEWS AND VIEWS . . .

### And What Have You

By BOB CRAIG

We wish to join all of the people of Hamlin in welcoming back the Exes. We hope you have a pleasant visit.

Sometimes it seems rather odd, how things can happen in education. By some strange set of circumstances our youngest son who is in the third grade is studying the same thing that our daughter is studying in homemaking II.

Both of them were busy this past weekend keeping up with what type of foods they were having at each meal over a several day period.

Of course the two were studying different things when they were keeping the records but it did seem unusual that with a seven grade difference they would both be doing the same thing.

Those of you who missed the Post game Friday, and from the looks of the Hamlin stands there were quite a few of you that did miss, missed a real fine ballgame in spite of it being a loss for the Pipers.

The boys showed that spark of desire that it takes to become a winner when they came from behind to out play the Antelopes. It was a hard one to lose when the boys played so well.

Some weeks it is real hard to come up with material for this column and this week we were real glad to see a copy of The Herald from Truth or Consequences, N. Mex., that Floyd Clifton left with us. The following 13 ways to kill a town is taken from the front page column called the "Party Line."

1. Don't pay taxes. Let the other fellow pay his. Vote against taxes, then fuss because the streets are not kept up.

2. Never attend any of the meetings called for the good of the town. If you do, don't have anything to say. Wait until you get outside then cuss those who made the suggestions. Find fault with everything that was done.

3. Get all the city will give you, and don't give anything in return. Write unsigned letters to the editor demanding more for your tax dollar.

4. Talk cooperation, but don't do any work for your city unless you get paid for it. And by all means refuse to serve unless they make you chairman.

5. Never accept an office. It's easier to criticize than to do things. Accuse anybody who serves in an elected office of being a publicity seeker.

6. Don't do any more than you have to. When others willingly and unselfishly give their time, howl because that town is run by a clique.

7. Don't back your fire department or your police department. Don't thank them for endangering their lives that you might have a safer town in which to live. Demand special treatment, raise Cain if anybody expects you to obey traffic and parking laws.

8. Look at every proposition in a selfish way. If you are not the one who gets the most out of it, vote against it. Never consider that it will do for the town as a whole.

9. Don't do anything for the youth of the town. Criticize them as potential delinquents. Keep your feet on them. Encourage them to move away when they grow up.

10. If you have good town leaders, don't follow them. Take a jealous attitude, and talk down anything they say.

11. Don't work on any committees. Tell them "I'm too busy."

12. Don't say anything good about your town. Be the first to point up its shortcomings, pretend that if trouble comes your way, it will be residents of some other town who will visit you while you are ill; bring in the fire department if your house is burning; comfort you if you lose a dear one; stand back of you in disaster.

13. And don't support your local retail stores and industries. Claim the prices and service in stores in other towns are better. Claim industry and its payroll hurts the town. But if you need a donation, ask your local stores. Expect them to back you, but don't back them.

A NEW BIBLE...

**for  
ME!**

She really is delighted because her church is presenting her with a new Bible. She understands and appreciates this gift, because in earning it she has committed many verses to memory, and thus learned to value God's word. The churches desire that all would study and learn to love God. Plan to attend church this Sunday and share in this knowledge and joy.

New Infrared gas broiling is even cooler because it's so fast. So if you want to cook cool, get a modern gas range. See them now at gas appliance dealers or Lone Star Gas.

## FAIRVIEW NEWS...

By Mrs. Elmer Joiner  
Fall with all of its beauty and pleasant weather has arrived, soon the leaves will be turning brown and other signs of the coming winter will be with us. We understand that some of the farmers are preparing to kill the foliage on their cotton, getting it ready to gather. Especially in the places where there is a lot of dead cotton, is it ready to defoliate, for everything is open and a driving rain would be very harmful, besides they tell me that those dead stalks will pull up if they wait too long. Combines finally got started again, there is really some good maize to be harvested yet, the dry weather came in time to keep it from ruining.

Mr. and Mrs. Fred Rosenbaum attended funeral services in Sweetwater, last Wednesday afternoon, for Mrs. Hugh Clift, an old time friend of the Rosenbaums. Back in the early thirties, Mr. and Mrs. Clift taught school at McCauley and lived in the house with them, where they began a friendship that has lasted through the years.

We are sorry to report that Mrs. Raleigh Bond entered the hospital last Friday, suffering with a bronchial infection.

At last report Mel Jones was still doing well. We know that it is hard for him to believe, since this was his first time in a hospital, and to have such painful surgery, but after all it hasn't been long.

Woodrow Goodwin has been nursing a very badly mashed

big toe, since last Thursday, when he accidentally dropped a trailer tongue on it.

Mrs. Woodrow Goodwin and Mrs. Winslow Gray visited last Thursday afternoon with the Babbs at Sylvester.

Thursday night the Babbs and the Goodwins were visitors of the Elmer Joiners. We won't tell what it was all about, but it seems that I, as church treasurer, and Rev. Babb, a Baptist minister had worked one of the slickest swindles, and so far we hadn't been caught, but it was all straightened up and it seems that nobody was hurt, but did we have some red faces? Our sincere apologies to the would be victim, thanks for understanding.

We have forgotten to mention that our community is taking on a new look since several pastures have been cleared out. The mesquite bushes have taken all of the pastures, so about all they are good for any more is to break the sand storms, cattle can hardly get through them if there was any grass. Grass is all man made in this modern age, some farmers having such fine grazing patches.

Mr. and Mrs. Harry Dillard were Tuesday afternoon visitors of the Elmer Joiners.

Mr. and Mrs. H. L. Ford, Spencer and Diane, went to Denton, last Friday where they attended the wedding of their daughter, Nancy, Friday, night. Nancy was married to Reed Lockhoff, a native of Childress, Friday evening, Sept. 30, at 6:30 o'clock, in the chapel of the First Methodist Church of Denton, where they are both students in the college there.

Last week Mr. and Mrs. Henry were missing, we found they had been having company. Saturday and Sunday night Mr. Henry's sister, Mrs. Ethel Bullock, Petersburg, was a guest. Other Sunday visitors were Mr. and Mrs. Clois Henry and children, San Angelo.

Since Mr. Henry got up Monday morning and made a little trip down Eastland way

with a friend Mrs. Henry went to her sisters, Mrs. Obie Wright, over Rotan way, to spend the day. We learned that she got home early but the men were late coming in, so Friday afternoon, Mrs. Woodrow Goodwin and I were in her home and she showed us where she had put her gun, with the shells close by. The Henry's do live in a very isolated place, we don't blame her for being a little scared, but the joke of it was that she was afraid to load her gun, afraid she would shoot herself. If a booger had come after her we wonder if he would have waited for her to load her gun. As we have repeated several times, the Henry's are a great older "young" couple.

Let's not forget that this weekend is the time for the Hamlin High Homecoming. Here is hoping that the weather man will be good to us and favor us with beautiful weather for all of the festivities as well as the game.

Wednesday night, Oct. 9 the tri-church brotherhood and W. M. U. will meet with the Fairview church. Lets all make an effort to be there, especially do we invite our friends from Neinda and Hanna to come be with us.

Sunday being the last day for our pastor to be on the field, we all carried our supper with us Sunday night and had a little farewell party for the Babbs. They were presented an electric percolator from the church, as a going away love gift. Rev. Babb will go to the West Side Baptist Church at Roby.

Next Sunday the Fairview Church will have a very important business meeting, after Sunday School. If you are a member make every effort to be present, if you are interested in the future of the church. The Church, which was organized in 1888 and functioned continuously since that time, is at the most serious period of its history. We must have a pastor if we go on and where can we find one willing to take such a small congregation, so be there Sunday morning and help us find

## MISSIONARY BAPTIST PRACTICE AND BELIEFS

The Commission was given by Christ to His Church (Matt. 28:19-20). It involves the elements of soul winning, baptizing the new converts, instructing to do whatever the Lord commands, and the promise of His presence throughout the ages.

The Calvary Baptist Church is in a soul winning revival this week. According to the scripture we are to witness "publicly and from house to house."

Bro. Wayne Page is conducting this soul winning campaign and will be guest speaker at the church for the Sunday Services. We invite all to come and hear him preach and investigate our doctrines and practices. Carrell Watkins, Pastor Calvary Baptist Church. Ph. SP 4-1792 (Adv.)

Pipers Fail In Catch-up Effort, Lose to Post Antelopes Friday, 14-12

The Pied Pipers gave up two easy touchdowns Friday night as they were edged out by the South Plains' number one Class AA teams, 14-12. The Post Antelopes scored early in the first and second periods on Hamlin miscues and then fought off the Pipers drives in the first half.

Both the Lubbock paper and the Harris rating system puts Post first in their area with Abernathy and Denver City second and third.

The Pipers fumbled the opening kickoff with Post scoring on a fourth and seven situation from the Hamlin 19. The second Antelope score came on the first play of the second period as they stopped a Piper scoring threat by intercepting a Hamlin pass and returning it 85 yards to pay dirt.

The Antelopes failed to mount a serious scoring threat

on their own as the Piper defense kept the Post attack contained.

The Pipers moved the ball well against the Antelopes as they moved inside Post's 20 twice in the first half but failed to push on across. In the second half the game was all Hamlin's as they drove in for two scores, but failed to make the all important extra point plays.

The Pipers tried to kick the first one but it was blocked after a bad snap from center. On the second one, they took to the air but Paul Long's pass to Louis Shelton was snort.

The Pipers unleashed a pounding ground game as they rolled up 246 yards by land and added another 81 yards to this in the air. Tailback Sammy Ferguson was the game's leading ground gainer with 113 yards in 18 carries. The big one was his 54 yarder that set up the Pipers first score. Lewis Shelton was second high with 76 yards in only three plays. All three were on a reverse end around that netted 56 20 and two yards and one touchdown. Paul Walker was Post's top gainer with 94 yards in 13 carries.

It took the Antelopes only a minute and a half to get on the scoreboard as they recovered the opening kickoff on the Hamlin 22 yard line. The Pipers held them to three yards in three plays before Halfback Davis Heaton raced around his right end for 19 yards and the score. Walker kicked his first of two all important extra points.

Philip Simpson returned the kickoff back to the Piper 31 from where Shelton took the reverse handoff from Ferguson and raced 56 yards down to the Post 13. The Pipers failed to take advantage of their field position and gave up the ball four plays later on the 11.

Post moved out to the 40 before punting with the Pipers gaining possession on their 37 after Shelton returned the punt 12 yards Ferguson gained 48 yards in three plays to the Post 45. Long passed to Joe Adams for 7. Ferguson picked up two and Long got the first down with a five yard rollout. Ferguson and Long moved the ball down to the Post 19 before Altman intercepted Bob Clifton's pass and raced it back up the field 85 yards for Post's second score. Walker kick the point after.

The Pipers' only punt came on the next series and then they had another pass intercepted the next time they had the ball. They drove down to the Antelope 36 just before the half ended, but had four passes go incomplete.

The Piper defense stopped the Post second half opening drive at the 35 only to have a roughing the kicker penalty give the Antelopes a first down on the 50. The Pipers were aided in the defense at this point by three Post penalties and Post punted out of bounds at the Piper 20.

was thrown for a five yard loss and then Ferguson gained this back and added six to the 26. Facing third and four the Pipers called on Ferguson again who broke lose for 56 yards and a first down on the Post 20.

Adams gained one and then lost three back to the 22 with Simpson gaining back to the 29. On fourth down Long connected with Adams who made a beautiful catch and picked up the first down at the 8. Ferguson hit the line three times

before going in to score from the one. The Pipers failed to get their kick off and trailed 14-6 with a minute and a half left in the third period.

The Pipers recovered a Walker fumble on the Hamlin 26 to set up their next and final score. Hamlin was set back by a five yard penalty and then Long passed to Shelton for 35 yards and a first down on the Post 44. Ferguson picked up five in two plays and Simpson raced off 15 more to the 24. Ferguson hit for four and Simpson one before Long called on Shelton again on the end around. Shelton out raced everyone for 20 yards and the score. Long's pass to Shelton was short and the point try failed with eight minutes left in the final period.

The Pipers got the ball again on their own 10 after Post got off a 34 yard punt. Simpson, Shelton, and Long combined to gain a first down on the 24. Ferguson hit for one and Long five before Long was thrown for a eight yard loss trying to pass. This was the only time in the game that the Post defense was able to get to the Piper passer. Long passed to Shelton for no gain and the Antelopes took over on the Hamlin 27 and ran out the clock in three plays.

NEW CARS

The NOW Cars. More than just "new" cars. The Now Cars are designed from scratch for today's driving by today's drivers. They are cars on top of today, from a company on top of today: The 1967 American Motors. 1967 is the year we've been planning for, pointing toward. The year we bring you cars full of today's spirit, bursting with today's ideas. Cars with more room, more power, more safety; cars more exciting than any we've ever built!

Engines for Now. Three sixes that go like eights—and four V-8s that weren't here a year ago. The most modern engines in the industry, from an acceleration champ Six to the 343 cu. in. 4-bbl. Typhoon V-8.

Innovations for Now. Convertibles that are true six-seaters. Wink lights visible from the side; rally lights that herald your approach.

A road-smoothing 4-link rear suspension—the first time ever with a single-unit body.

Safety for Now. Every 1967 American Motors car includes: long-awaited energy-absorbing steering column and deep-dish wheel; warning signal light to monitor both brake line systems; shoulder belt anchors; and the Double-Safety braking system we made standard five years before the rest of the industry. All built into solid, single-unit bodies.

Quality for Now. Our past is one of quality. Quality built in—like the Deep-Dip rustproofing and Ceramic-Armored exhaust systems pioneered by American Motors. And when quality is built in, the value stays in.

See your American Motors/Rambler Dealer today. He's the only Now Car dealer in town.

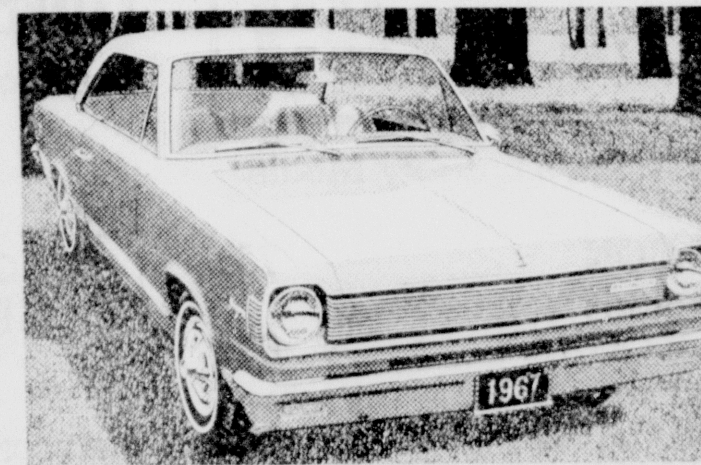

And now—this great new warranty. In addition to 2-year or 24,000-mile warranty on the entire automobile, American Motors Corporation warrants the engine block, head, on the engine and drive train and internal parts, water pump, intake manifold, transmission case and internal parts (except manual clutch), torque converter, drive shaft, universal joints, rear axle, differential and rear wheel bearings of its 1967 cars to be free from defects in material or workmanship for 5 years or 50,000 miles, whichever comes first. The owner must change the engine oil and install new oil filter every six (6) months or 4,000 miles, whichever comes first, clean oil filter cap (filtered type) and carburetor air cleaner element every 4,000 miles and replace it every 24,000 miles and furnish evidence of this service to an Authorized American Motors Dealer every six (6) months and have him certify its receipt and the car's mileage. Further, American Motors Corporation so warrants the remainder of the car for 2 years or 24,000 miles, whichever comes first, except tires (warranted by tire manufacturer). Any part so defective, will be repaired or replaced, in accordance with the applicable portion of the warranty, without charge at an Authorized American Motors Dealership. Owners are responsible for deterioration, misuse and normal maintenance. Quality built in—so the value stays in.

**REBEL** Now—the first Excitement Machines in the intermediate class! Cars for Now that never existed before! A choice of five engines, topped by a 343 cu. in. Typhoon V-8. A wide road stance and 4-link rear suspension to glue down

**AMBASSADOR** Now—full-size luxury cars created for today, priced for the young man who wants his luxury car right now. 118" wheelbase. Interiors now as spacious as the most expensive full-size cars.

**RAMBLER AMERICAN** Now—Typhoon V-8 thunder comes to the low-priced economy champs. Two Typhoon V-8s; three big 6's. America's only complete line of compacts. Rogue hardtop (above), convertible; 440 sedans, hardtop, wagon; 220 sedans, wagon.

# Homecoming Projects Keep H. H. S. Students Busy This Week

By Tommy Oliver  
Beth Craig  
Helen Moore

"Homecoming" has been the big word at H. H. S. this week; everyone has really been putting the work in on the bonfire. There is an air of secrecy after school as the students rush to the various garages to work on their class floats.

No one knows yet who the homecoming queen is going to be, but we are all getting ready for the crowning ceremonies Saturday night at the football game.

The annual staff has really been pushing the sale of the 1967 Piper Annual the past two weeks. So far 150 annuals have been sold.

Miss Mitchell has been rotating the electric typewriters among the first year typing students this week. All the students have itchy fingers to type on one of them.

The majority of the high school students have "cram fever" for their first six weeks tests are this week. Everyone appears to dread the coming of this Monday when the report cards will be passed out, but I am sure everyone is anxious to see how well he has done.

Agustin Barron was elected president of the Spanish Club. Other officers are vice president, Randy Morgan; secretary, Patsy Marentes; and reporter, Tommy Oliver.

The Club is planning an active year and have already ordered club pins. Work on the homecoming float has been progressing steadily.

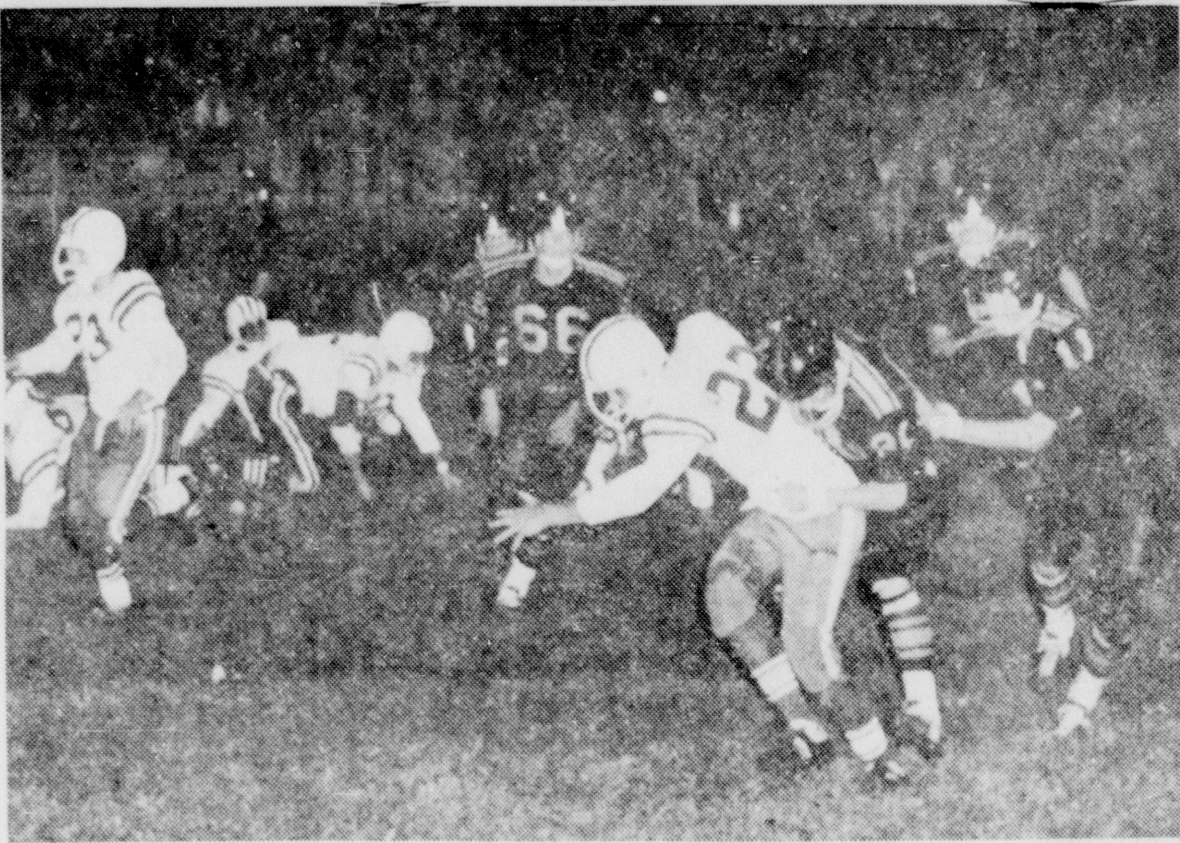

A salad supper was held in the Homemaking department Monday night. Before Supper a meeting was held in the auditorium.

The students of H. H. S. wish to welcome Mary Barrow and Lorenzo Rodriguez.

Mary, a freshman, moved here from Fred F. Florence High School in Dallas. Her parents, Rev. and Mrs. C. G. Barrow, moved here in June. He is pastor of the Sunset Baptist Church.

Lorenzo, a junior, moved here from Kerman High school, Calif. Lorenzo had lived here several years before they moved away. His parents, Mr. and Mrs. Simon Rodriguez, moved back to Hamlin in September. He is a mechanic.

University of Texas Permanent Fund received \$28,642,528 in petroleum lease rentals, bonuses, and royalty in 1965; total since 1924, \$447,297,313.
